QUALITY CONTROL

Our Quality Control

At Al Rehmat Rice Traders (SMC-Private) Limited, quality control is a core part of our operations. From paddy selection and milling to grading, packaging, and dispatch, every stage is monitored carefully to ensure purity, consistency, cleanliness, and product reliability. Our team follows defined inspection procedures to maintain the standard expected by local and international buyers.

Our Responsibility

We consider quality to be our responsibility. We work to protect the natural aroma, grain length, appearance, and freshness of every shipment by applying proper handling, hygienic processing, moisture control, and final inspection before delivery. This commitment helps us provide rice that reflects trust, safety, and professional care in every order.

Compliance

Our quality practices are aligned with Halal requirements and internationally recognized food safety systems, including HACCP and ISO 22000 compliance standards. By maintaining disciplined process control and clean production conditions, we strive to deliver rice that meets customer expectations as well as market and regulatory requirements.
